

We acknowledge the Traditional Custodians of the lands we work on and recognise their continuing connection to Country, its waterways, skies, and culture. We recognise that sovereignty over the land has never been ceded, pay our respects to Elders past, present and emerging, and commit to building a brighter future together.

Introductions

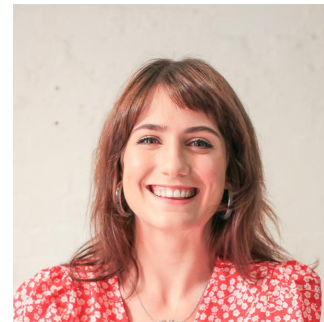

Elise **@elisechant**

Matt **@sawks**

Dom **@wilkowskidom**

Esther **@Esther Semo**

& welcome to all of you!

Goals

1. Continuation and stability of the Design System
2. Permanent ongoing management of and support for Design System
3. A centralised ecosystem for library extensions

Code of Conduct

Agenda

1. Activity since our last meeting in August
2. Survey findings
3. Priority Actions from survey
4. Becoming a maintainer
5. Skills register
6. RFC approvals
7. Open discussion (time permitting)

Survey Findings

Were you aware of GOLD - the community supported Australian Government Design System - before receiving this survey?

37 out of 37 answered

Yes

25 resp. 67.6%

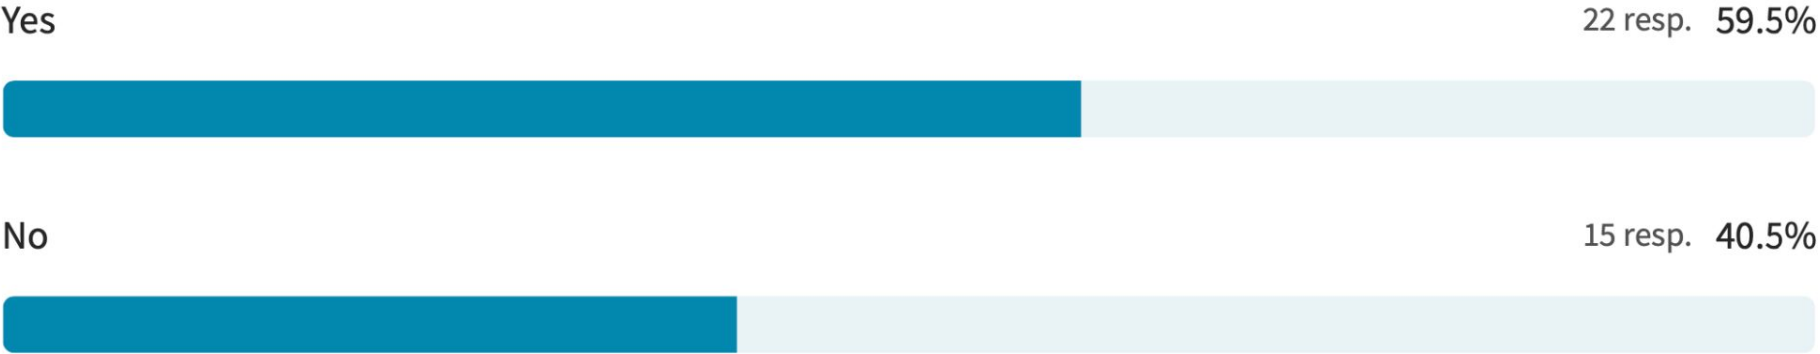

No

12 resp. 32.4%

Have you used GOLD or the Australian Government Design System (AuDS) before?

37 out of 37 answered

Have you recently used GOLD or the AuDS in a project for any of the following:

22 out of 37 answered

A commonwealth government website or digital service 15 resp. 68.2%

A non-commonwealth government website (eg state or local gov) 5 resp. 22.7%

A non-government commercial project 3 resp. 13.6%

A non-government personal or open source project 3 resp. 13.6%

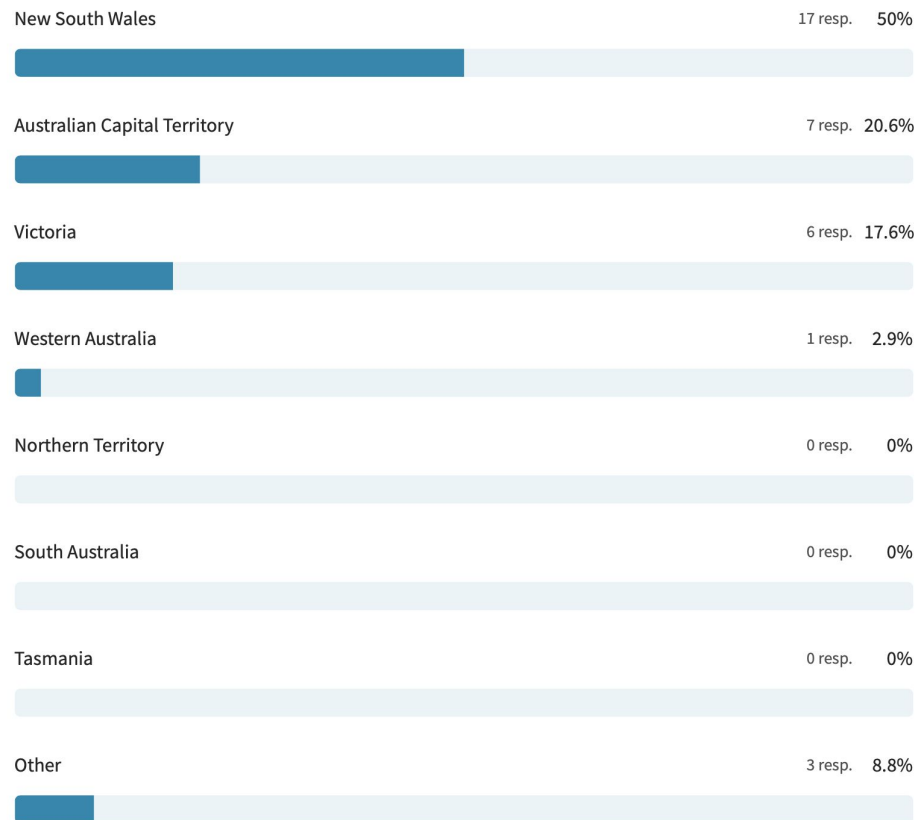

None of the above 1 resp. 4.5%

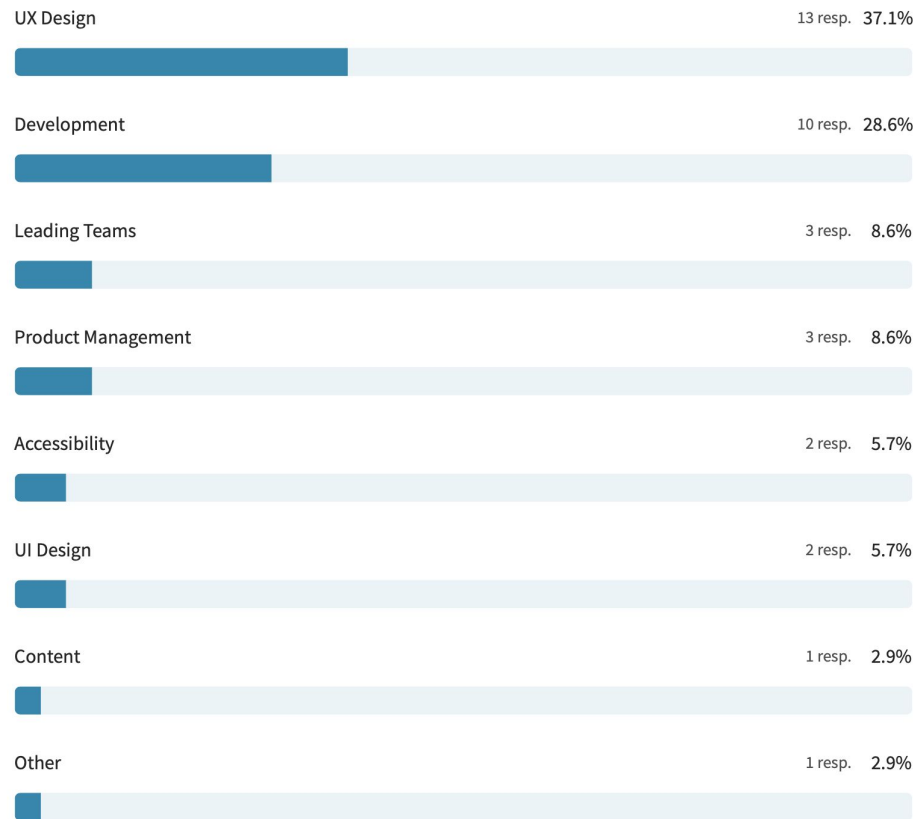

Where are you based?

34 out of 37 answered

Your role is primarily in:

35 out of 37 answered

Which features or tools have you found most useful?

- A11y support
- Components

What parts of the current system could be improved?

- Pattern Library
- More Components

When previously supported by the DTA, were there any support services they provided you relied on?

- Community of Practice
- Documentation

If your government organisation is not using GOLD (or AuDS), what other design systems, component libraries or starter themes are you using instead?

- NSW Gov DS
- Bespoke DS
- A fork of the AuDS

Are there any barriers to using GOLD within your team or organisation?

- Lack of ongoing support
- Lack of DTA Endorsement

Priority Actions

High impact actions

- Raise awareness of Slack/Slack as our CoP
- Improve Docs (and publicise that work)
- Tools for Designers
- Fix open bugs (evidence of support)
- Roadmap for pattern library
- Roadmap for new components
- Get external work back into main
- Local community meetups?

Becoming a maintainer

Becoming a maintainer means committing to:

- Time spend on the project steering
- Submitting/Commenting on RFCs
- Implementing RFCs

Skills Register

RFC Approvals

Current RFCs

- [Remove pancake](#)
- [Simplify monorepo](#)
- [Separate framework entry points](#)
- [Docs site improvements](#)
- [Create standardised accessibility testing](#)
- [Update Grid 12](#)
- [Distribute unminified and unprefixed CSS](#)
